Care

Greetings from the Organizing Committee IAPCON 2020!

Welcome to the fascinating and vibrant North East India!

Indian Association of Palliative Care is pleased to offer its 27th International Conference in Palliative Care, IAPCON 2020 in Guwahati on 14th, 15th, and 16th February 2020 with a series of preconference workshops on 13th February 2020 at Gauhati Medical College Auditorium Complex, Guwahati.

The theme of this year's conference is "Entrust, Engage & Empower". It signifies teamwork and multidisciplinary approach to palliative care, and the power to be an inclusive speciality. The objectives of this year's conference are:

- Improve and expand existing knowledge and skills of individuals working in palliative care.
- Augment the ability to provide professional, competent and empathetic care to patients and their families.
- Ensure timely delivery of palliative care in the community by advocating and facilitating increased consciousness about palliative care.
- Take up collective responsibility to ensure availability of essential drugs in palliative care.
- Provide an opportunity and platform for informal caregivers to learn about palliative care.

During IAPCON 2020 we hope that you will seize the opportunity to revive ongoing connections and spark new ones with your colleagues from around the globe. We are privileged to host IAPCON 2020 in the city of Guwahati in Assam. Being the largest city of North East India and a key urban centre of Assam.

Guwahati is the major gateway to the Seven Sisters! It has a rich cultural heritage going back to the Ahom Dynasty which governed the region for many centuries before the British occupation.

Located within the city is the Shakti temple of Goddess Kamakhya in Nilachal Hill, an important seat of Tantrik and Vajrayana Buddhism. The unique astrological temple Navagraha in Chitrachal Hill and Ummananda temple in the Peacock island in river Brahmaputra are places of mythological importance. The major places of interest are Shankardev Kalakhetra, Bhupen Hazarika Memorial, Assam State Zoo, and the River Cruise in the Brahmaputra.

For the purpose of tourism there are wildlife reserves like the Kaziranga National Park, Pobitora wildlife sanctuary, Manas National Park, Nameri National Park, Dibru-Saikhowa National Park etc. Majuli, the largest freshwater island in South Asia on the River Brahmaputra, is famous for its Vaishnavite Satras. The hill city of Shillong, the waterfalls of Cherrapunjee, the East Khasi Hills with the cleanest village in Asia Mawlynnong, and the unexplored beauty of Jayantia Hills within Meghalaya are major attractions at a doable distance from Guwahati.

Assam is world famous for its quality of tea as well as the natural beauty of the tea plantations. Enormously found mountain region, its greenery and pleasant climate make this location popular not only for its tea, but also for being a popular spot for enjoying eco- vacations.

Within this splendid environment, we plan to deliver a conference that will exceed your expectations.

Dr. Arun Deka
Organizing Secretary
